

CLEAN CLOSET TIPS

www.lookingwell.info

Storage that is accessible,
useful and neat

LABEL

Labels allow you to find what you need in enclosed containers at a glance, without opening every drawer and pulling down every box until you find the right one. They don't have to be fancy, just legible.

HELPFUL HOOKS

Try hooks on the wall or door. Command hooks can be easily removed and reassigned. You can even arrange the hooks in a row or circle or zigzag, whatever pattern is pleasant for you.

DECORATE

Make it pleasing to the eye where it has to be. Arrange items attractively in an empty corner of the closet or shelf. Decorate or recover boxes. Hide storage in plain sight.

KEEP EMPTY HANGERS TOGETHER

CONTAIN LOOSE ITEMS

If pulling one thing out of a pile will bring the whole thing down on your head, find a box that will contain them. Your head will thank you.

DON'T STACK TOO HIGH

Keep your stacks manageable, usually 3 or 4 high, so that you can pull one out without everything coming down on your head. If you need to go higher, add extensions or make a larger open box a shelf.

REPAIR AS YOU GO

You are touching everything, so make needed repairs while you are sorting. Tape up broken boxes, replace ripped bags or cracked bins, collect widespread game pieces, etc.
